B RAILFLOODWW

Warm white floodlight

Specially designed for high-profile exhibition space, retail store display, car showrooms, hotel and leisure facilities and indoor architainment applications.

This compact high-powered 100W LED fixture offers incredible output in a 60° flood pattern with a colour temperature of 3.000K. Cleverly combined into the fixture is a 'quick fix mount' to an overhead track but with the combined feature of allowing the type of power being used. This is all selected by a roller switch within the track lock mount fixed to the fixture.

The finish of the fixture is a high-impact architectural pale grey complete with barn doors for accurate directivity of the light source.

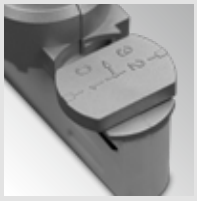

Trackrail mount

4-leaf barn door

One hand tilt locking system

Phase switching

- Trackrail mount
- Made in Europe
- High-quality PSU and LED
- Colour matched with B EXPO100/200/350
